Employment is for Everyone

**GXO Employability Day –
June 2023**

Following a successful site visit back in March. Employment is for Everyone ran an employability day with GXO on Wednesday the 14th June 2023.

The day was for individuals with learning disabilities and autistic people interested in employment wanting to find out more about GXO and what they have to offer.

GXO are one of the worlds largest logistics providers and their Barnsley site is currently looking to expand and employ a range of people in many different roles. They are wanting to make this recruitment process as inclusive as possible which is why we have been asked to help.

A sold out session of 14 keen individuals along with support staff attended the employability day and got the rare opportunity to tour the amazing site and see some of the available roles in action.

As well as this tour they got the chance to sit down with senior members of staff to ask questions and find out more about GXO and what it's like to work there.

We got some great feedback from everyone who attended and following the session 10 attendees were still interested in pursuing a career with GXO.

After gathering some further information from the individuals, GXO are now currently working alongside all 10 people matching individuals to current vacancies.

Employment is for Everyone is currently working with both the individual, the relevant organisations, and the business to support this as much as we can in order to make this an inclusive and positive experience for all.

We are really excited to see how this progresses. It's amazing that a massive market leader such as GXO is flying the flag for inclusive recruitment. Hopefully this encourages more employers in South Yorkshire to do the same!
