It was a fantastic day with so many great providers turning out to showcase the fantastic opportunities available to the people of Rotherham making their first or next steps towards employment.

90 SEN students, teachers and parents came to the morning session, and 45 individuals from all over Rotherham attended the afternoon session.

Because of this event, 135 people are now more informed about what options they have locally and will be in a better position to make decisions on career plans.

The feedback we received from the day was all really positive and moving forward we'd love to be a part of something similar in the other 3 areas of South Yorkshire.

"Both myself and the person I support had a really nice morning. It was a very positive experience for him as previously he's not enjoyed these kind of events. He really enjoyed talking to everyone and sharing his success about his apprenticeship with Aesseal. If you ever need an advocate for 'Employment is for Everyone' he'd be more than happy to support this"

"Excellent and informative. Nice speaking to people who know about employment"

"Really enjoyed it. Lots to look at and good opportunities for young people who normally don't get it"
