National Children & Adult Services Conference

# Meeting the Trade Union Congress – November 2022

---

Colin, James and Jodie went to Wortley Hall at Sheffield to deliver the Employment is for Everyone presentation at the Trade Union Congress event in front of Trade Union Learner Reps.

We delivered the presentation and the two films on the website. The audience were impressed with the website and presentation, and they asked us lots of questions about the movement which was great.

“Colin and his colleagues, Jodie and James, delivered an interesting, informative and engaging presentation that was well received. The feedback from the ULRs was extremely positive with many asking how they may be able to help. Many ULRs took away an action point to raise this in their workplaces, to see what could be done to help, those whom Employment is for Everyone support, into good quality employment that is meaningful to the individual. I would strongly recommend other organisations take the opportunity to invite Employment is for Everyone into their organisations to hear more about their aims and how they may be able to support the work they do”.

The people who attended are going to spread the social movement in their areas and feedback about how it was all set up and how can they replicate this work.

The people in our area seemed keen to engage with us and we'll hopefully see how we can collaborate to keep the project moving forward.
